

CACFP 04-10
SFSP 04-05

March 26, 2004

**TO: Institutions Participating in the Child and Adult Care Food Program
Sponsors Participating in the Summer Food Service Program**

**FROM: Arnette Cowan, MS, RD, LDN
Head, Special Nutrition Programs**

**SUBJECT: Revised List of Iron-fortified Infant Formulas Which Do Not Require a Medical
Statement in the Child Nutrition Programs**

In the past, institutions and sponsors have been issued updated list of infant formulas which do not require a medical statement in CNP. In order to provide more current information, this list will now be available on the Food and Nutrition Service website. That address is www.fns.usda.gov/cnd/care/regs-policy/infantmeals/formulalist.htm. The initial listing is posted and dated September 16, 2003. The list will be updated periodically as new information becomes available.

Because of this change, *Policy Memorandum CACFP 226.20-12 (CACFP 02-39)/SFSP 225.16-16 (SFSP 03-34) Revised List of Iron-fortified Infant Formulas Which Do Not Require a Medical Statement in the Child Nutrition Programs* are being rescinded. Please check the above website for the current lists.
