Section 9 of the National School Lunch Act requires that, unless a SNAP, or FDPIR case number or SSI or Medicaid assistance identification number is provided for the adult for whom benefits are sought, you must include the last four digits of your social security number on the application. This must be the last four digits of the social security number of the adult household member signing the application. If the adult household member signing the application does not possess a social security number, he/she must indicate so on the application. Provision of the last four digits of the social security number is not mandatory, but if the last four digits of the social security number is not provided or an indication is not made that the adult household member signing the application does not have one, the application cannot be approved. This notice must be brought to the attention of the household member whose last four digits of his/her social security number is disclosed. The last four digits of the social security number may be used to identify the household member in carrying out efforts to verify the correctness of information stated on the application. These verification efforts may be carried out through program reviews, audits, and investigations and may include contacting employers to determine income, contacting a SNAP, Indian tribal organization or welfare office to determine current certification for receipt of SNAP or FDPIR benefits, contacting the issuing office of SSI or Medicaid benefits to determine current certification for receipt of these benefits, contacting the State employment security office to determine the amount of benefits received, and checking the documentation produced by household members to provide the amount of income received. These efforts may result in loss or reduction of benefits, administrative claims or legal action if incorrect information is reported.
