Memorandum

To: Institutions Participating in the Child and Adult Care Food Program

From: Arnette Cowan, Head 
Special Nutrition Programs

Subject: Administrative Review Process Regarding the Child Nutrition (CN) Label,
Watermarked CN Label and Manufacturer's Product Formulation Statement

The purpose of this memorandum is to provide State agencies and Child Nutrition Program operators for the Child and Adult Care Food Program with additional information and clarification on the Administrative Review (AR) process regarding the: 1) Child Nutrition (CN) Label, 2) Watermarked CN Label, and 3) Manufacturer's Product Formulation Statement (PFS).

Documenting CN Labeled Products Requirements

The CN Label is the gold standard for verifying the crediting of menu items and provides a warranty against audit claims when the product is used according to the manufacturer's instructions. Valid and acceptable documentation for the CN Label is:

- 1) the original CN Label from the product carton; or
- 2) a photocopy of the CN Label shown attached to the original product carton; or
- 3) a photograph of the CN Label shown attached to the original product carton.
(CN Labels that are photocopied or photographed must be visible and legible.)

An Equal Opportunity / Affirmative Action Employer

Documenting Watermarked CN Label Requirements

During an AR, if the original CN Label, or the valid photograph or photocopy of the original CN Label **is not** available, program operators may provide the Bill of Lading (invoice) containing the product name **and**:

- 1) a hard copy of the CN Label copied with a watermark displaying the product name and CN number provided by the vendor; or
- 2) an electronic copy of the CN Label with a watermark displaying the product name and CN number provided by the vendor.

Product Formulation Statement

Reviewers **must not** request a PFS or additional crediting information when a valid CN Label or watermarked CN Label is provided by program operators. The PFS should only be requested when reviewing a processed product *without* a CN Label (see attached flowchart - Verifying Acceptable Documentation of CN Labels During an Administrative Review).

CN Label Verification System

FNS is currently working with the Agricultural Marketing Service to develop a CN Label verification system. This system will assist State reviewers during the AR, to verify the status of a CN Label as well as the crediting information. The expected completion date for this verification system is Fall 2015. Once the CN Label verification system is fully operational, State reviewers are encouraged to use this system to verify crediting information and the validity of the CN number on a CN Label.

If you have questions, please contact your regional consultant.
