Guidance for Completing the WIC Agreement Addendum & Local Agency Nutrition Education Plan

The consolidated planning process allows all budgets and agreement addenda for public health programs receiving funding from the State to be submitted at one time (i.e., in a consolidated manner). The WIC agreement addendum serves a double purpose in that it also addresses the development of a Local Agency Nutrition Education Plan, which is a federal requirement.

Completing the WIC Agreement Addendum

Section III: Scope of Work and Deliverables

- Deliverables #1 - 5 - These five deliverables do not require staff to complete or to write anything. Instead, local WIC agencies are agreeing that they will improve the percentage for each of the listed indicators. To assess performance levels and to determine actions for improving performance, staff should refer to the “Trend Data” included annually with the WIC Budgetary Guidance and Agreement Addendum.

NOTE: The table below provides information related to Deliverable #4. Increase the percent of women with live term singleton births who receive WIC Program Services prenatally and who gain weight within the National Academy of Sciences - Institute of Medicine (IOM). Adapted from the National Academy of Sciences. Weight Gain During Pregnancy: Reexamining the Guidelines. Washington, DC : National Academy Press, 2009. This information is also on the “Trend Data Reports” associated with the WIC Agreement Addendum.

<i>Woman's Prepregnancy BMI Category</i>	<i>Woman's Prepregnancy Weight</i>	<i>Recommended Range of Total Weight Gain in Pregnancy</i>
Below 18.5	Underweight	28 to 40 Pounds
18.5 - 24.9	Normal	25 to 35 pounds
25.0 - 29.9	Overweight	15 to 25 Pounds
30.0 and Above	Obese	11 to 20 Pounds

- Deliverable #6 - Does not require staff to write anything, however, the agency agrees to comply with this requirement throughout the year.
- Deliverables #7 and 8 - These two deliverables relate to the Local Agency Nutrition Education Plan.
 - Deliverable #7 requires staff to attach to the WIC Agreement Addendum, a Nutrition Education Plan for the upcoming year for at least one of the focus areas listed, as defined in the Agreement Addendum.
 - Deliverable #8 requires staff to attach to the WIC Agreement Addendum, a brief evaluation of the preceding year's plan as defined in the Agreement Addendum.

Section IV: Performance Measures/Reporting Requirements

Local agencies are agreeing that they will maintain an average monthly participation of at least 97% of their assigned monthly base caseload. The minimum average monthly participation for the SFY can be determined by multiplying the assigned base caseload by 97%.

Assuring the WIC Agreement Addendum and Budget are Complete

Prior to submission, local staff may wish to use the checklist below to ensure that their WIC agreement addendum and budget are complete.

Agreement Addendum

- The Health Director has signed and dated the first page.
- Contact information for the Local Health Department is placed on the first page.
- The evaluation of the prior Agreement Addendum's Nutrition Education Plan (Deliverable #8) has been included as an attachment to the Agreement Addendum.
- The Nutrition Education Plan for the upcoming year (Deliverable #7) has been included as an attachment to the Agreement Addendum.

Budget

- Figures are added correctly and rounded to the nearest whole dollar (no cents!).
- At least 20% of the total WIC allocation is budgeted in Nutrition Education (404).
Note: The minimum amount for Nutrition Education is listed on your budget page.
- No more than 10% of the total WIC allocation is budgeted in General Administration (405).
- The amount budgeted for Breastfeeding (409) equals or exceeds the minimum amount for Breastfeeding listed on your budget page.
- Total budget does not exceed assigned WIC allocation.
- Submitted budget is the original document (not a photocopy).

Resources for Nutrition Education Activities

The following list of websites offer ideas that staff may consider as they develop their nutrition education plans. This list of websites is by no means all inclusive.

<http://www.nal.usda.gov/wicworks/> (overall good website for ideas and resources for nutrition & breastfeeding education activities in the WIC Program)

<http://www.cdc.gov/physicalactivity/> (ideas for physical activity)

<http://www.fruitsandveggiesmorematters.org/> (ideas for eating more fruits & vegetables)

<http://www.cspinet.org/nutrition/1less.htm> (ideas for consumption of 1% or less milk including information about 1% or Less Materials for Schools)

<http://www.womenshealth.gov/pub/bf.cfm> (ideas for breastfeeding & community partnerships)

<http://www.eatsmartmovemorenc.com/> (ideas for physical activity and nutrition activities)

<http://www.nutritionnc.com/> (ideas for a variety of nutrition activities & information on how to borrow materials from the Nutrition Education and Training (NET) Library)

<http://www.nchealthyweight.com/> (ideas for moving our children towards a healthy weight)

<http://www.colormehealthy.com/> (ideas for getting preschoolers to move more and eat healthy)

FY11 Agreement Addenda: Section III - WIC Deliverable #1-Coordinate with Medicaid

1A. Percentage of pregnant women enrolled in Medicaid who received prenatal WIC Program services.*

Numerator equals the number of Medicaid enrolled women who received WIC program services prenatally & who gave birth during the time period indicated (began excluding emergency Medicaid deliveries with CY01 data)

Denominator equals the number of women who participated in Medicaid during pregnancy (excludes women who enrolled in Medicaid at the time of delivery) & who gave birth during the time period indicated (began excluding emergency Medicaid deliveries with CY97 data)

**Note: Due to changes in definition of numerator and denominator (emergency Medicaid delivery exclusions), trend data is not highly comparable.*

FY11 Agreement Addenda Section III: WIC Deliverable #2 - Provide Access to Program Services for Women

2B. Percentage of postpartum women who participated in WIC during pregnancy and were recertified for WIC by 6 weeks postpartum.

Numerator equals the number of women enrolled in WIC during pregnancy and who recertified for WIC within 42 days or 6 weeks after delivery (postpartum)

Denominator equals the number of pregnant women enrolled in local WIC program with an estimated date of confinement (EDC) during the time period indicated

NOTE: FY99-01 data can not be directly compared to the rest of the time period as the process for data collection changed due to the use of CPT codes for billing purposes and because the definition of a child being served in the child health clinic was modified. During FY99-01 the data also included Child Service Coordination services from the health department, but were excluded in the later years. For these reasons, it is recommended to compare the FY05-07 percentage with the FY02-04 and FY07 percentages only. *If there are no data present, no children were seen in the child health clinic at the local health department for this age group.

-----------------------	--------------	--------------	--------------	--------------	--------------	---------------	--------------

NOTE: FY99-01 data can not be directly compared to the rest of the time period as the process for data collection changed due to the use of CPT codes for billing purposes and because the definition of a child being served in the child health clinic was modified. During FY99-01 the data also included Child Service Coordination services from the health department, but were excluded in the later years. For these reasons, it is recommended to compare the FY05-07 percentage with the FY02-04 and FY07 percentages only. *If there are no data present, no children were seen in the child health clinic at the local health department for this age group.

FY11 Agreement Addenda Section III: WIC Deliverable #3 - Provide Access to Program Services for Children

3A. Percentage of children less than 12 months of age who were served in the Child Health Clinic and received WIC Program Services*

Numerator equals the unduplicated count of children less than 1 year of age receiving both CH and WIC services.

Denominator equals the unduplicated count of all children less than 1 year of age receiving CH services.

*If there are no data present, there were either no children seen in the child health clinic at the local health department or none of the children who were seen fell into this BMI-for-age range. Data prior to 2000 are based on child's county of residence rather than the service site.

FY11 Agreement Addenda Section III: WIC Deliverable #4 - Promote Healthy Weights

4A. a. Percentage of children two to four years of age who received services from the health department and who, according to their Body Mass Index (BMI) for age and gender were at a healthy weight (BMI less than the 85th percentile but at or greater than the 5th percentile)

Numerator (Num) equals the number of children two to four years of age receiving services at local health department with BMI percentile of less than 85th but at or greater than the 5th percentile (Source: NC Nutrition and Physical Activity Surveillance System).

Denominator (Den) equals the number of children two to four years of age receiving services at local health department with BMI percentiles (Source: North Carolina-Nutrition and Physical Activity Surveillance System).
