

## Breastfeeding Supplies

Issuing breastfeeding supplies is done through the Breast Pump Issuance screen. A conversation between the participant and the Breastfeeding Coordinator, Lactation Consultant, Peer Counselor or CPA is necessary in order to ensure that the proper supplies are being issued based on the participants needs and in accordance with NC WIC Program policy. Please refer to Chapter 9, Section 5 for information on breastfeeding supplies.

1. To issue breastfeeding supplies, go to Family Services > Breastfeeding Support > Breast Pump Issuance

2. The first screen of questions opens. In order to access the supplies list, a box must be checked (even if none apply). Then click Next Question.

- The **Breast Pump Supplies** grid box appears under the **Breast Pump Assignment** grid box.
